About Four Star Oil & Gas

We at Chevron U.S.A. Inc. take seriously our responsibility to inform and educate communities on how to live safely with nearby pipelines. Working together, our education program will assure your community of our commitment to safety and raise public awareness of the presence of pipelines in your neighborhoods and near places of business.

Products Transported and Counties Involved

Product	Description	Health and Fire Hazards	Counties Involved
Natural Gas	<p>Leak Type: Gas</p> <p>Vapor: Lighter than Air</p> <p>Very flammable and a white vapor cloud may be visible near the site of a leak.</p>	<p>Health: Extremely high concentrations may cause irritation or asphyxiation. Possible presence of H₂S, a toxic gas. Fire Hazards: Extremely flammable and easily ignited by heat, sparks or flames.</p>	<ul style="list-style-type: none"> Ector
Condensate	<p>Leak: Liquid</p> <p>Vapor: Heavier than air. Clear colorless liquid under pressure, hydrocarbon odor (rotten eggs). White cloud next to ground, noticeable gas stream blowing skyward, liquid collection on the ground and ice/frost collecting on the ground of leak site.</p>	<p>Health: May contain H₂S, contains benzene and therefore is a cancer hazard, causes eye irritation and skin frostbite. Asphyxiant gas; high concentration can displace oxygen causing the feeling of suffocation.</p>	<ul style="list-style-type: none"> Ector
