## About EOG Resources, Inc.

EOG is committed to responsible and safe exploration and production practices. Respect for the environment and a focus on adherence to sound health, safety and environmental practices are important facets of EOG's corporate culture and reflect a company-wide commitment to the communities where EOG operates. Embedded in all aspects of EOG's operations, this responsibility is shared by every employee throughout the United States, Trinidad, the United Kingdom, China and Canada.

## Products Transported and Counties Involved

Product	Description	Health and Fire Hazards
Natural Gas	<p><b>Leak Type:</b> Gas</p> <p><b>Vapor:</b> Lighter than Air</p> <p>Very flammable and a white vapor cloud may be visible near the site of a leak.</p>	<p><b>Health:</b> Extremely high concentrations may cause irritation or asphyxiation. Possible presence of H<sub>2</sub>S, a toxic gas. <b>Fire Hazards:</b> Extremely flammable and easily ignited by heat, sparks or flames.</p>
Crude Oil	<p><b>Leak:</b> Liquid</p> <p><b>Vapor:</b> Heavier than air</p> <p>Can be flammable. Dark brown spots on the ground, dead vegetation or an oily sheen on top of the ground or floating on the surface of a body of water may indicate the presence of a leak in a crude oil pipeline system.</p>	<p><b>Health:</b> Irritation of the eyes and skin may occur with exposure. Vapors may cause central nervous system effects.</p> <p><b>Fire:</b> Crude oil is an extremely flammable liquid or vapor that is heavier than air. May accumulate in low areas, and may travel considerable distances to an ignition source.</p>
Counties Served	Atascosa, Gonzales, Karnes, La Salle, Live Oak, McMullen, Wilson

## About Pecan Pipeline Company

Pecan Pipeline Company provides midstream energy services such as gathering, compression, conditioning and natural gas liquids processing to natural gas producers. In North Texas, Pecan Pipeline Company operates a natural gas gathering system and a natural gas processing plant in Montague County.

The purpose or goal of Pecan's damage prevention measures are to minimize third party damage to pipelines, and inform affected public of locations of pipelines. Pipeline markers, public education mailers, participation in excavation safety system, and sponsorship of excavators/emergency responder training are measures used to protect pipelines.
